DETAILED ACTION

Response to Amendment

1. The reply filed on Feb 28, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): see below. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
2. A Supplemental Declaration is required to cover the next amendment (see below) to correct for any errors present in the next amendment and should be dated close to the date of the amendment. For any error corrected, which is not covered by an oath or declaration, i.e., any error corrected after the filing of all declarations currently in the reissue application, applicant must submit a supplemental oath or declaration prior to allowance stating “that every such error arose without any deceptive intention on the part of applicant” See 37 CFR 1.175(b) and MPEP 1444.
3. Amendments E (paper number 40) and F (paper number 43) do not comply with 37 CFR 1.173. In general, any amendment in a reissue application should be made with respect to the original patent. Any addition to the original patent should be underlined and any deletion to the original patent should be bracketed ([]). Only one set of claims should be included with a

reissue amendment. (No clean copy). Only claims that are amended in some way should be presented. Do not present a complete set of claims if some of the claims have not been amended. Amended claims should be labeled by parenthetical notation such as "(amended)", "(twice amended)" after the claim number. Each amendment should include, on pages separate from the amendment, (1) the status of all claims and (2) the basis in the patent for all amendments made.

Specific claim errors are as follows:

Claim 1, (amended) should be inserted after --1.-- and [within] should be inserted in line 12, --by-
- should be underlined.

Claim 9, (amended) should be inserted after --9.-- and [mesh] should be inserted before "closure" in the last line.

Claim 12, (amended) should be inserted after --12.-- and [11} should be inserted after --claim-- and "9" should be underlined.

Claim 14, line 7, "front end of the handle and defining an insect trap" should be inserted before "compartment". If it is meant to be deleted, it should be enclosed by []. If omission was an oversight and the language is to be retained, no markings of any kind should be used.

Claims 2, 7, 10, and 19 appear as being unamended in Amendment E and Amendment F. These claims should not have been included in either amendment. In order to correct this error, applicant should request the deletion of these unamended claims was a mistake and that they should be undeleted. Do not present these claims in the amendment unless they are being amended.

Art Unit: 3643

Claims 4 and 6 are lined through and therefor canceled. In the future, it is sufficient to merely request that claims be canceled.

Claim 11 is shown as being underlined yet remarks for Amendment F indicate that claim 11 has been canceled. It is assumed that the underlining was intended to be a strike-through as in claims 4 and 6. Please verify this. If claim 11 is not to be canceled, it should be undeleted as suggested for claims 2, 7, 10, and 19, above.
